Maine's Original Free Choice CSA

For 33 years our farm has offered a unique arrangement between farmer and community called Community Supported Agriculture (CSA). In 1991, Goranson Farm developed a *CSA model that affords you the flexibility to pick out what you want, how much you want, when and where it's convenient for you.* In exchange for financial support in the spring from you, our farm commits to providing healthy, certified organic food from May - Nov. We also strive to provide food through the winter available at area farmers markets and at the farm stand. When you purchase a farm share at the beginning of the season, you establish a credit account with the farm. Paying by May 1st helps fund the spring start up costs like seeds, greenhouse fuel, supplies, and labor. Your credit can be used at any of our area farmers' markets or at the farm 7 days a week. - you choose how to use it! Enjoy the harvest.

Our Story - Goranson Farm in Dresden is owned and operated by Jan Goranson, Rob Johanson, their sons Carl and Goran, and superb teams of farmers. Jan's mother and father, Everett and Geneva, had farmed high quality potatoes on this land since the 1960s and Jan's grandparents were farmers in northern Aroostook county. Since 1985, Jan and Rob have worked to maintain this unique family farm and preserve the irreplaceable open space along Merrymeeting Bay. Now their sons farm with them full time and carry on the same passion. Goranson Farm is a MOFGA Certified Organic, widely diversified vegetable, berry, and maple syrup farm. This will be our ninth season as a solar powered farm.

Sign Up for a Free Choice CSA with Goranson Farm!

Our mission at Goranson Farm is to use environmentally sustainable, regenerative practices that enrich the soil to provide nutritionally superior food for our community year round. **Your CSA share supports this vital effort.**

FREE CHOICE CSA OPTIONS:

Over a 25 week season, you choose from everything our farm carries. You choose what you want, how much you want, when you want it, and where you pick it up. Purchases are deducted from the credit established by paying early, thus no cash is necessary for purchases throughout the season. Pay before May 1 to receive the bonus money.

SUMMER CSA SHARE:

___ Full Share Option

(\$400) This entitles you to \$440* worth of produce, garden seedlings, and farm merchandise - a suitable amount for a family or couple who enjoys cooking.

___ 1/2 Share Option

(\$200) This entitles you to \$215* worth of farm produce, garden seedlings, and farm merchandise - suitable for families or couples who have their own garden and want to ensure they supplement their diet with fresh organic food.

****Sign up by May 1 for bonus \$***

You can begin using your share May 1. By June you can have organic greens, veggies, garden starts, asparagus and strawberries on your share! *CSA credit should be used by Oct 31st and will not be carried forward later than Thanksgiving. You may add money to your account anytime to increase your CSA fund balance.

6-MONTH WINTER SHARE: _____ (\$350) for Nov. - April, Once-a-month pick up of crops including winter greens, cabbage, sweet potatoes, and a large selection of tasty carrots, beets, onions, potatoes, squash, leeks and root vegetables. Pickups are at the farm, in Portland, Boothbay, and Damariscotta. To ensure participation, pay deposit by June 1 (\$100.00 minimum).

___SNAP/EBT Option: Harvest Bucks Program offers double-your-dollars on fresh purchased produce. SNAP can be used at the Damariscotta and Boothbay Markets and weekends at the farm stand. Portland and Bath have market-wide SNAP programs.
